One acre of lakefront living in highly sought after Windermere. Positioned on the pristine and expansive Lake Crescent, this is one of Central Florida's premier private lakes. Spring fed and crystal clear, Lake Crescent is perfect for any and all water sports, or just enjoying the tranquil setting and never ending gorgeous view. The home is currently configured for multi-generational living as it has dual master bedrooms/bathrooms, dual living areas, dual kitchen/kitchenette, and dual laundry rooms, but could simply and easily be reconfigured and expanded into a grand lakefront estate as is common in the area.
