Located in an exclusive gated community on Johns Lake, this 4-bedroom home was recently updated and has everything you are looking for in a Florida home. The home sits on a wooded lot that creates lots of privacy for your screened-in pool in the backyard. The pool area includes a paver deck and a covered patio, with room to grill and entertain. Beyond the enclosure, this property wows with a lush lawn and storybook oak trees that provide a canopy under which you can read and relax. Inside, this home boasts an open floorplan with tile floors, a fireplace, built-in storage, plantation shutters, vaulted ceilings and lots of natural light. Your kitchen features new Jenn-Air stainless appliances, granite countertops, an under mount sink and a long center breakfast bar overlooking the family room. The dining area even includes a convenient bar/coffee station with a wine fridge. At the front of the floorplan, you'll find hardwoods in both the formal living & dining rooms. There are also hardwood floors in the master bedroom, along with crown molding and tray ceilings. The spacious ensuite includes dual sinks, a separate glass-door shower and a center jetted tub with a view. The split floorplan puts the three guest rooms on the opposite side of the home, along with the full hallway bathroom – which also offers access to the pool deck. Upstairs, you'll find another bedroom with a private ensuite. This space could also be used as a rec room, gym or home office. Back downstairs, this home offers loads of storage space in the laundry/mud room and in the massive 3-car garage. This property is nestled in the cove of Johns Lake, and the community offers residents private lake access
