4 Beds | 2 Baths | 1945 Sqft

This beautiful 4-bedroom home is located in the quiet & sought-after neighborhood of Wedgfield – nestled between parks, wetlands and a golf club in eastern Orlando. Inside the double front doors, you'll find wood-look tiles (no carpets here!), vaulted ceilings, a neutral color palette and lots of natural light. The isolated and private primary suite is at the front of the floorplan, complete with a walk-in closet and a slider out to the back patio. The updated, farmhouse-style ensuite includes dual sinks, a clawfoot tub and a custom-tiled shower. Your spacious kitchen is at the center of everything and features stainless steel appliances, granite countertops, a dining nook and a breakfast bar overlooking the family room. On the far wing of the house behind the family room, you'll find the laundry room, three guest bedrooms and a big hallway bathroom with two sinks & a door to the back patio. What a great backyard! You can entertain on the covered & uncovered patios, or relax under the shade of the big tree in the fenced-in yard. There's plenty of space on this lot for a future playset, fire pit and pool. In addition to all the storage in the attached 2-car garage, you also have a shed in the backyard. Wedgfield is a wonderful community zoned to top-ranked Wedgfield School! You'll be close to Publix and it's an easy 20-minute drive to the airport & Lake Nona. Just 30 minutes to the beach and 40 min in the other direction to all the theme parks!
