4 Beds | 2 Baths | 2150 Sqft

The 4-bedroom home has a great layout, and you'll find a guest room off the foyer that could also double as your home office. From the front door to the lanai, the main living areas include laminate floors and lots of natural light. Your open kitchen features stainless steel appliances, a pantry, and a center island with pendant lights and bar-top seating. The adjacent family room has vaulted ceilings and slider access to a screened-in lanai. The primary bedroom includes a walk-in closet with custom built-ins, plus an ensuite with a walk-in shower and lots of storage. The guest rooms share the hallway bathroom, which is across from the laundry room at the entrance to the 2-car garage. Even the garage here is immaculate!
