Feel the warmth and comfort of this open floor plan offering 2 bedrooms and 2 bathrooms located in the tranquil Trails subdivision in the Country Creek community. You will be impressed by the newly painted home! Upon entering, you are invited to enjoy the freshly painted spacious family room with its volume ceilings and bright atmosphere. The dinette area overlooks the peaceful and private large backyard through the clear sliding glass doors. The bright, well-equipped kitchen will not disappoint with its Corian counter tops and wood cabinets. The newer range, kitchen sink and faucet are an added bonus. Quick access from the kitchen to your one car garage offers plenty of storage. The laminate wood floors were installed in 2016 and run throughout the main area of the home. The 2 bedrooms are just down the hall with the master bedroom having its own private bath and walk in closet. The outside wood deck is perfect for entertaining and just enjoying quiet evenings.
