This single-level home is located near the shores of Lake Apopka in the sought-after gated community of Vistas at Waters Edge. It was built less than 5 years ago with solar panels (plus tons of other upgrades!) and still looks brand new. The property has wonderful curb appeal - with a large front porch and a beautiful leaded-glass front door. Inside, you'll find a modern open floorplan with high ceilings, tile floors, custom window treatments and crown molding. The stunning kitchen features granite countertops, stainless appliances, cabinetry that goes all the way to the ceiling, a dining nook and a huge center island that overlooks the living room. Just steps away, you can dine and entertain on the big covered lanai. The rest of the lush backyard is completely fenced-in and backs up to green space & a community pond/fountain. This property lives up to the street name, as the elevated lot offers panoramic views of Lake Apopka in the distance. Wow! Back inside, the isolated primary suite boasts an ensuite with a massive walk-in shower and dual sinks. On the other side of the floorplan, you'll find two guest rooms along with two more spacious bathrooms. Don't forget about all the storage in the attached garage, plus the dedicated office, the architectural landscape lighting and the solar panels -- which greatly reduce your electric bills. This home is ideally situated within Vistas at Waters Edge, since the community pool, clubhouse, playground & more are located just a few doors down. Outside of the gated community, the city of Apopka offers multiple lakes, biking/hiking trails and popular Wekiwa Springs State Park. There are plenty of shopping & dining
