Beautifully upgraded 4 bedroom, 2.5 bath home with 2,092 sq ft of living space, plus a detached 1 bedroom, 1 bath Mother-In-Law Suite with 250 sq ft, located in Wadeview Park. This home is much larger than it appears from the outside, is light and bright with a gorgeous upgraded kitchen, featuring soft close custom cabinetry to the ceiling, stainless steel appliances, granite countertops and a center island. The kitchen opens to a large dining room area that feeds into the family rooms, making this home perfect for entertaining! The primary bedroom has a large walk-in closet with a custom organizing system, an ensuite bath with dual sink vanity with granite counter tops, a garden tub, and a custom shower with glass enclosure. There is an 2nd closet in the ensuite bath for additional storage, and you have access to one of the secondary bedrooms, which would be convenient as a nursery or office space. You also have access to the laundry room with additional storage that leads to the kitchen, making this layout extremely efficient! There are 2 secondary bedrooms with an upgraded full bath to the front of the home, and another bedroom with a half bath to the back of the home. Off the office area are French doors that lead out to a custom deck and into your private, fenced yard with a fire pit and a treehouse. A paved walkway takes you to the detached MIL suite, including an upgraded full bath and additional storage, with its own private gated entrance. This is a great option when family comes to stay, or as a game room for kids, home schooling or for additional rental income. There's also a large carport that is the length of the home, that can be used for parking
